

Duke Gastroenterology of Raleigh

Aaron Woofler, MD

Jesse Liu, MD

Savita Srivastava, MD

Overview

Duke Gastroenterology of Raleigh provides a full range of high-quality services for patients with digestive disorders. In our two convenient North Raleigh offices, our experienced specialists provide clinical consultation as well as general procedures such as upper endoscopy, colonoscopy, and colorectal cancer screening. More complex procedures are performed in Duke Raleigh Hospital's state-of-the-art Endoscopy Suite.

Upon your referral, your patients will receive expedited access to appointments and thoughtful care from our staff. We are also dedicated to timely communications with your office throughout evaluation and treatment, enabling a seamless return of patients to your practice for ongoing care.

Scope of Care

- General gastroenterology and hepatology consultation and management
- Upper endoscopy
- Colonoscopy
- Colorectal cancer screening
- Endoscopic retrograde cholangiopancreatography
- Hepatitis B and C virus treatment
- Esophageal manometry and pH testing
- Ablation of Barrett's esophagus
