

Patient Guide

Key information for your stay

Duke Regional Hospital

FREE – This copy is yours to keep

Welcome to Duke Regional Hospital

Dear Patient,

Your health is our top priority. We are committed to delivering the best experience and the highest quality care. Being admitted to the hospital may be hard; we are here for you and we will work to meet your unique needs.

We understand that navigating healthcare can be confusing, so we hope this guide will be a helpful resource to you while you heal. Please reach out to your care team at any time if you have questions or need assistance.

We are honored to care for you and your loved ones and look forward to serving you.

Sincerely,

A handwritten signature in black ink, which appears to read "Dev Sangvai".

Dev Sangvai, MD, MBA

President, Duke Regional Hospital

Institutional Statement of Commitment to Diversity and Inclusion

Duke aspires to create a community built on collaboration, innovation, creativity and belonging. Our collective success depends on the robust exchange of ideas—an exchange that is best when the rich diversity of our perspectives, backgrounds and experiences flourishes. To achieve this exchange, it is essential that all members of the community feel secure and welcome, that the contributions of all individuals are respected, and that all voices are heard. All members of our community have a responsibility to uphold these values.

Our Commitment to Care

Our Mission

To care for our patients and the health of our community.

Our Vision

To be the best community hospital.

Our Core Value

Caring for our patients, their loved ones, and each other.

Our Values

Excellence: We strive to achieve excellence in all that we do.

Safety: We hold each other accountable to constantly improve a culture that ensures the safety and welfare of all patients and staff.

Integrity: Our decisions, actions, and behaviors are based on honesty, trust, fairness, and the highest ethical standards.

Diversity: We embrace differences among people.

Teamwork: We have to depend on each other and work well together with mutual respect to achieve common goals.

You Have the Right to the Best Care

How is your stay? Are you getting the care you need? Are your doctors and nurses listening and responding to your questions or requests? Our goal is to provide the best quality care. To do so, we ask for feedback from patients like you.

During Your Stay

Please speak with your nurse or unit leader if you have any questions or concerns about your care. If your issue is still not resolved, then contact:

Duke Regional Hospital Patient & Visitor Relations

Monday through Friday, 8:30 a.m. – 5 p.m.: 919-470-4747

After hours: Call 919-470-4000 and ask the operator to page the operations administrator.

After Your Stay

Once you leave our care, we may ask you to complete a survey. This survey is a tool to measure and report patient satisfaction. It is made up of simple questions on key topics, such as

- Doctor and nurse communication
- Overall quality of the hospital
- Medicine and discharge information
- Staff responsiveness

We use this survey to understand what we are doing well, and where we can improve. Your feedback is invaluable to us.

Making Your Stay Comfortable

Admission

When you get to your room, the admission process will be completed by your nurse and nursing care assistant. They will ask you questions about your health and may also take your blood pressure, temperature, and weight.

Your doctors may ask more questions so they can learn more about you. A member of your care team will round (or check) on you often to make sure you are comfortable and to address pain, toileting, and positioning.

Calling Your Care Team

Your care team will check on you every two hours. We will check your pain and positioning, offer bathroom assistance, and help you with anything you may need. You may also use your call bell to reach us by pushing the red button on your remote control, or you can call the nurse directly with the number they provide you. Your call bell/remote control and phone should be within your reach at all times. Please remind your caregiver to place this where you can reach it.

Chaplain Services

We offer spiritual care, counseling, and emotional support to our patients, their loved ones, and visitors. Ask your healthcare team to help you arrange a visit from a chaplain.

Condition Help

Should there be a sudden downturn in your condition, you or your loved ones can call 222 using the bedside phone. The operator will need to know the patient's name and room number, and will then call Condition Help. This will bring a medical team to your bedside quickly to assess your condition.

Dining

Room service is provided for your dining enjoyment as part of our commitment to excellent patient care. Your meals are prepared fresh for you each meal period.

Your nurse or a patient meal technician will provide a menu that offers appropriate choices for your specific dietary needs. Orders can be placed up to a day in advance. A patient meal technician will take your meal order bedside, or you may call 919-470-4254 between 6:30 a.m. and 7 p.m. to place your order. To ensure timely service, please place your breakfast order the night before, place your lunch orders by 10:30 a.m., and place dinner orders by 3:45 p.m. Kosher meals are available and may be obtained by asking your care team to write an order for them.

Environmental Services (EVS)

You can expect a member of the housekeeping team to visit your room daily to empty trash, clean the bathroom, and clean the floors as needed. Linens are changed as needed by the nursing staff or by request.

Fire Safety

We periodically conduct fire drills. If you hear an alarm, stay where you are. In an emergency, hospital staff will notify you.

Hearing Impaired

TeleType Device (TTY/TDD) phones and other devices are available for the hearing impaired. Please ask your nurse for assistance.

Interpreters

A Spanish-language medical interpreter is available 24 hours a day seven days a week. Interpretation for other languages, including American Sign Language, is available through special phone or video lines.

Lost and Found

If you lose a personal item during your stay, please tell your nurse immediately. They will check the Lost and Found on your behalf. You may also call Security at 919-470-4262 for assistance.

Making Your Stay Comfortable

(Continued)

Medicines

For your safety, patients are not allowed to keep or administer personal medicines while in the hospital, unless approved by their physician. Please discuss with your nurse if you have questions.

My Duke Health

As a Duke Health patient, you can access your medical chart by logging on to MyDukeHealth.org or by using the My Duke Health app. If you need help setting up your account, please call 919-620-4555.

Privacy

During your hospital stay, you will be asked if you want to be in our patient directory. You can choose to be listed, and your name and room number will be available to those who ask for it. If you do not want to be listed, we will not give out any information about you. If people call the hospital or ask about you at the information desk, we will say, "We do not have a patient by that name in our directory."

Purposeful Rounding

Nursing team members will come to your room to ensure that your needs are met. Please be sure to voice any needs or requests during these visits.

Quiet Environment

We strive to promote healing by providing a quiet, restful environment. If you are experiencing unwanted noise, please tell a member of your care team. Eye masks and ear plugs are available by request. We also encourage you to:

- Ask visitors to speak softly.
- Keep TV volume low, or use earbuds with your tablet or cellular device.
- Request to have your room door kept closed.
- Silence cell phones or set to vibrate.

Room Temperature

Patient rooms each have individual controls. If you need help adjusting the temperature in your room, please tell the staff.

Special Assistance

If you or your visitor requires special assistance with communication needs, please notify your care team. Interpreter Services are available 24 hours a day, 7 days a week at Duke Regional Hospital.

Telephones

Telephones are provided in all patient rooms. You can find the phone number for your room on the communication board. Your loved ones can call you by pressing 919-470 plus your room number. For example, if you are in room 5555, the number to your room is 919-470-5555. To place a local call, press the area code plus the local number. To make a long distance call, press 1 plus area code plus the number.

Television

A remote control is located in your room.

Toiletries

Complimentary toiletries, such as deodorant and a toothbrush, are available from your care team.

Valuables (Including Medicines, Hearing Aids, and Dentures)

Please understand that personal items cannot be safely secured. The hospital is not responsible for personal items or valuables in patients' rooms. Please send items of value home while you are in the hospital. If valuables remain in your possession, please inform your nurse, who will assist in safely securing these items. The hospital will take responsibility only for items officially given to us for safekeeping. Personal items (such as glasses, hearing devices, dentures, and cell phones) should be placed in a yellow "My Personal Belongings" box. If you did not receive the belongings box, please inform your nurse.

Wi-Fi

Free access to Wi-Fi is available throughout the hospital. To log on, connect to the "guest" network. Once connected, open your browser and click the "connect" button at the bottom of the page.

- If calling long distance, press 1 in front of the area code.

How Do I Get Copies of My Medical Records?

Submit a request via My Duke Health, or complete the authorization form available at DukeHealth.org/Medical-Records and email it or mail it to the addresses provided online. There are fees for medical record requests; costs are based on number of pages. For more information, call Health Information Management for Duke University Health System at 919-684-1700.

Helpful Tips for Visitors

Here is some helpful information for you and your visitors while you are at Duke Regional Hospital:

ATM

For your convenience, an ATM is located in the main lobby on the 3rd floor. There is also a Cashpoint in the Visitor Parking Lot near the Auditorium entrance.

Cafeteria for loved ones

Location: First floor

Hours

Breakfast: 6:30 a.m. to 10:15 a.m.

Lunch: 11 a.m. to 1:45 p.m. (grill open until 3:30 p.m.)

Dinner: 4:30 to 7 p.m.

Night Owl Service: 8 p.m. to 2 a.m. (special holiday hours may apply)

Concierge Service

The Duke Concierge Service helps patients and their visitors arrange hotel reservations at reduced rates while visiting Duke Regional Hospital. Call 919-402-6668 for more information.

Gift Shop

The Giftique, located in the main lobby on the 3rd floor, has snacks, candy, gifts, balloons, clothing, and other items available for purchase. Giftique hours are Monday through Friday 10 a.m. to 2 p.m. Call 919-470-4149 for more information.

Information Desk

The Information Desk, located in the main lobby on the 3rd floor, is staffed 5 a.m. to 9 p.m. on weekdays and 7 a.m. to 9 p.m. on weekends. Information about nearby hotels, restaurants, and more is available at the Information Desk. Desk staff can give directions and provide visitor passes.

Mail and Flowers

Mail and flowers will be delivered by a hospital team member Monday through Friday. If the patient leaves before the mail is delivered, every effort will be made to forward the mail to the patient.

Patient mail and flowers can be sent to the main hospital address at 3643 N. Roxboro St. Durham, N.C. 27704. Please include the patient's name and room number. Flowers are accepted in the main lobby when doors are open. Please check with the patient's nurse before sending live flowers or plants. E-cards are also available at DukeHealth.org/DukeRegional. They are delivered to patients Monday through Friday. Please include the patient's name and room number.

Parking

Free parking is available in the Visitor Parking lot in front of the hospital, and in front of the Emergency Department.

Pharmacy

The Outpatient Pharmacy, located near the main lobby on the 3rd floor, is open Monday through Friday 9 a.m. to 4:30 p.m. You may reach the pharmacy by calling 919-470-4550.

Vending Machines

Vending machines are available 24 hours a day in the main lobby near the elevators and on the first floor across from the Cafeteria.

Video Recording

Duke is committed to protecting the privacy of our patients and staff. If you choose to record video, please do so in private areas only. Do not record other patients, visitors, staff, hospital equipment, or medical records. You must stop recording when requested to do so by Duke staff.

Helpful Tips for Visitors

(Continued)

Visitor Information

Duke Regional Hospital strives to provide patient- and family-centered care to our patients and their loved ones. Family presence includes the loved ones of our patients, based on our patients' preferences. Our policy is designed to:

- Ensure a safe and secure environment for patients, families, support people, and members of the healthcare team
- Ensure equal presence for families, loved ones, and designated support people

What to Expect

You have the right to designate support people, including, but not limited to, your spouse, domestic partner (including a same-sex domestic partner), another family member, or a friend. During the course of your stay, it may be clinically or otherwise necessary for patient care, safety or well-being to impose restrictions on family presence. Your physician and nurse will use their clinical judgment to determine if restrictions are necessary for these purposes. More information about your rights are on pages 16-18.

What We Ask

We ask that our patients and their loved ones be respectful of other patients, families, and members of the healthcare team. For everyone's safety, we ask that all visitors comply with the following guidelines:

- Wash your hands before and after visiting a patient.
- Refrain from visiting if you have a cold, sore throat, fever or any contagious disease.
- Keep noise to a minimum.
- Do not smoke or use tobacco products on hospital property or Durham County grounds, including parking lots and sidewalks.
- Please check with the patient's nurse before bringing gifts of food, drink, live flowers, or plants. Latex balloons are not allowed, but non-latex balloons are welcome.

Waiting Rooms

Waiting rooms are in the following locations:

- Main lobby: 3rd floor
- Surgery: 3rd floor in the main lobby
- Critical Care Unit: 3rd floor next to the main lobby
- Outpatient Services and Preoperative Clinic: 2nd floor near the Outpatient Services entrance
- Emergency Department: Entrance
- Behavioral Health Building: Entrance
- Duke Cancer Center North Durham: 2nd floor near the Cancer Center entrance
- Duke Regional Brain and Spine Center: 2nd floor near the Cancer Center entrance
- Lounge areas: 4th, 5th, and 7th floors

Visiting Hours and Passes

Visiting Hours are from 8 a.m. to 9 p.m. Overnight visitors who leave the hospital after 9 p.m. will not be readmitted until the next morning at 8 a.m.

Visitors will need a visitor pass from the information desk in order to enter the hospital. Visitors must get a new pass each day and must turn in their pass when they leave the building.

Behavioral Health:
By appointment only. Please arrange with your care team. For questions or current information, please speak with your care team.

online.

Your Hospital Care Team

Throughout your stay, a team of healthcare professionals will help take care of all your personal and medical needs. Here is an overview of who you might see during your stay and how they can help.

Attending Physician - The leader of your medical team, responsible for coordinating your care. This may be a hospitalist or another type of specialist.

Case Manager - Helps coordinate your care during your stay, and ensures you have what you need to have a safe and successful discharge.

Consulting Physician or Specialist - Specializes in a certain area, such as an orthopedist or a cardiologist.

Environmental Services or Housekeeper - Members of the housekeeping team who ensure your hospital room remains clean and comfortable at all times.

Hospitalist - A doctor who specializes in the care of patients who are in the hospital.

Intensivist - A doctor who cares for critically ill patients. Their concentrated familiarity and focused expertise allows intensivists to identify and treat patients with complex conditions.

Nurse - 24-hour nursing care is provided by a team of professional registered nurses and licensed practical nurses.

Nursing Assistant - Assists your nurse in providing you the best care possible.

Nurse Practitioner or Physician Assistant - Works closely with physicians to help manage and coordinate your care.

Patient Menu Technician - A member of the Nutrition Department who visits each unit to take food orders and deliver food trays.

Registered Dietitian - Here to make sure we meet your dietary needs for your health and healing while you are getting well.

Resident or Fellow - A doctor who has graduated from medical school and is getting specialized training under the supervision of an attending physician.

Therapist - A physical, occupational, respiratory, or recreational speech therapist may assist in your recovery.

Transporter - A staff member who will help move you around the hospital to different places as needed.

Understanding Your Visit to Duke Regional Hospital

The Role of the Hospital in Your Healthcare Journey

The hospital is an important resource for our community. It is a place where people with the most serious and immediate needs can be cared for before leaving to continue their healthcare journey.

Many health issues are long-lasting, and will not be completely resolved during a hospital stay. Once your provider decides that you are ready, you will be discharged from the hospital to continue healing in the best place for you, with the guidance of your primary care provider.

What Qualifies a Person to be Admitted?

When you arrive at the hospital, your medical provider will decide if the hospital is the best place for you to get care. The hospital serves patients who require medically necessary care that can only be provided in the hospital setting.

The hospital setting is not appropriate for patients who only require supervision or help with activities of daily living.

What are Observation Status and Inpatient Status?

If you are classified as 'Inpatient status,' you have a serious medical issue that needs highly skilled care and will require you to be in the hospital for more than a day.

If you are classified as 'Observation status,' your condition requires that you be monitored by skilled staff to determine if you need to stay in the hospital. It is possible to remain in Observation status for several days.

This classification is important to understand because, depending on your insurance, your out-of-pocket costs may be different when you are Observation status.

Understanding Your Visit to Duke Regional Hospital

(Continued)

What Are My Responsibilities as a Patient?

As an important member of the care team, patients are expected to fully participate in their care. This includes cooperating with medical and therapeutic treatments that have been agreed upon with the care team. Respectful behavior toward the staff is expected from all patients and their visitors.

What Should I Know About the Discharge Planning Process?

Your provider will determine if the hospital setting is the best place to address your medical needs. Your provider will also determine when you are medically safe to discharge from the hospital. Discharge date and time are not dependent on:

- Availability of transportation
- Social limitations or availability of family support
- The presence of long-term medical issues that you had before you were admitted

Discharge planning begins at admission, and the discharge date is determined by when you are medically ready to leave. This date is flexible, and can change based on your condition. Our case management team can work with you to arrange safe transportation from the hospital if needed when your medical team determines that your medical needs are met. We encourage you to include your family or support person(s) in your plans in order to avoid any confusion at discharge time.

Although you may be ready to leave the hospital, you may still benefit from continuing your healthcare treatment in a different setting, such as your home, an outpatient clinic, or a rehabilitation setting. Your medical team will work with you to coordinate your discharge to the best setting when you no longer require hospitalization.

Partnering for Your Safety

You are the most important member of your healthcare team. While at Duke Regional Hospital, we ask that you partner with us to keep you safe.

Preventing Falls

Your medical team might determine that you are a high fall risk during your hospital stay due to your medical condition, equipment, or medicines. If this is the case, please always call for help to get up.

Hand Washing

Hospital team members will always clean their hands prior to working with you. We encourage you to watch as your healthcare team members and visitors enter the room. Did they wash or gel their hands? If not, kindly ask if they could repeat the cleaning process.

We ask that your visitors clean their hands as well.

Education

Your healthcare team will teach you about your condition, medicines, and procedures. Please ask questions if you do not understand. For general questions, we invite you to use the health education library on the My.DukeHealth.org website.

Calling Your Care Team

Use the call bell to reach the care team by pushing the red button.

Aggressive Behavior Will Not Be Tolerated Respect Is Our Core Value

Aggressive behavior may result in removal from this facility and prosecution. This behavior includes:

- Failure to respond to staff instructions
- Gestures
- Physical assault
- Sexual language directed at others
- Verbal harassment, threats, or abusive language

For security concerns, call 919-470-4262 or contact local law enforcement.

DukeHealth

Scan here to access
My Duke Health

Duke Regional Hospital is a weapons-free campus. All patients and visitors will be screened upon entering. Please leave all weapons or potentially harmful items in your vehicle. This includes guns, knives, pepper spray, etc.

Partnering for Your Safety

(Continued)

Rounds

Purposeful Rounding

Nursing team members will come to your room every two hours to check on you. This is called rounding. The checks will include asking about your pain, positioning, offering bathroom assistance, and helping you with anything you may need. Please make sure you let your nurse know of any needs or requests during the visit.

Medical Rounds

The medical care team of providers will come to your room at least once during the day to hear how you did the night before and discuss the plan for that day.

You and your support person may also join rounds. This is a time to share changes you've seen and concerns you have, and to ask questions.

The exact time your team rounds with you may change. Your nurse can tell you approximately what time the medical team may round so caregivers can join. If a caregiver wants to be a part of rounds but cannot be in the room or unit at certain times, please let your nurse know.

Stay on Your Unit

Please stay on your unit or in your room to help make sure you get the care and treatments you need at the right time. This will also help make sure you are available to meet with care team members who come to speak with you (round).

Permission

If you wish to leave your unit or floor for non-care related reasons, first ask your attending physician and primary care nurse. You will also need permission from your surrogate decision-maker, if applicable.

Responsibilities

If you are granted permission to leave your unit or floor for non-care related reasons:

- Stay in the hospital building or if going outside, do not go beyond the main entrance roundabout near the front entrance.
- Return to your unit within one hour unless a different time period has been agreed on by you, your attending physician, your care nurse, and your surrogate decision-maker, if applicable.
- You may be discharged against medical advice (AMA) from the hospital, lose your room or bed, and be required to report to the Emergency Room for evaluation and possible readmission if you return to the unit after the agreed-upon time.
- Provide your nurse with your cell phone number and answer all cell phone calls while off the unit in case there is a new clinical need for you to return to the unit.
- Nursing must secure or remove all pertinent medical devices (IV, PCA, telemetry).
- You must check in with your nurse upon return to the unit.

Helpful Resources for You

Billing Questions

If you don't understand something on your bill, or if you're having trouble paying your bills, let us know. A representative can work with you and guide you to services that can help. Call 919-620- 4555 or 1-800-782-6945.

Can't Pay a Bill? We Can Help

Please tell us if you cannot pay your bill in full—we can help you. Our account representatives and financial care counselors can assist you with filling out applications for government-sponsored programs and describe monthly payment plans and other financial assistance programs that may be available for those who meet certain financial criteria.

Complete Advance Directives to Take Charge of Your Care

A Living Will and Healthcare Power of Attorney are the legal documents that allow you to give direction to medical personnel, family, and friends concerning your future care when you cannot speak for yourself. You do not need a lawyer to complete advance directives.

You have the right to make decisions about your own medical treatment. These decisions become more difficult if, due to illness or a change in mental condition, you are unable to tell your physician and loved ones what kind of healthcare treatments you want. That is why it is important for you to make your wishes known in advance.

Your Care Team can help you complete a Living Will or Healthcare Power of Attorney. Please ask for help. You may also find more information on the "Records and Privacy" page at DukeHealth.org/DukeRegionalHospital.

Ethics Committee Resource

When a healthcare choice also involves an ethical concern—such as a loved one's wish to refuse life-sustaining treatment, or a disagreement between family members or other caregivers concerning advance directives—decision-making can become overwhelming. A member of our Ethics Committee is available to hear such concerns. Requests for a consultation may be made by the patient, a loved one, physician, nurse or staff member. To find out more, or to request a consultation, call the Ethics Hotline at 919-470-5555 and leave a message.

Caregivers-Know Before You Go

Caregivers can help ensure the best outcome for their loved one after a hospital stay by getting the answers to these questions:

- What is the next step for medical care (home or facility, follow-up with primary care provider or physical therapy)? Help your loved one arrange the details to make this happen — financial plan, transportation, scheduling.
- What medicines does my loved one need to take? Help your loved one understand the details — timing, dosing instructions, side effects, prescription refills.
- What health warning signs do I need to watch for and what do I do if they happen? Help your loved one by writing these symptoms down as well as the name and contact number to call.

Questions for My Care Team

Calling Your Care Team

Please use this page to write any information you need to know about your care. Feel free to ask us whenever you have questions. A few suggested questions to ask your care provider(s) are below.

What should I know about my care?

What new medicines am I taking and what are they for?

What side effects should I be aware of?

When am I leaving the hospital?

What top three things do I need to remember when I leave the hospital (when I am discharged)?

1. _____
2. _____
3. _____

Rights & Responsibilities

You Have the Right to the Best Care

Duke Health includes Duke University Health System, Duke University Affiliated Physicians or Duke Primary Care, and Duke Health Integrated Practice, Inc. We view healthcare as a partnership between you and your care provider. We respect your rights, values, and dignity. Patients will receive safe, high-quality medical care regardless of an individual's race, color, national origin, religion, gender, age, sexual orientation, gender identity or expression, genetic information, veteran status, or disability. We ask that you recognize the responsibilities that come with being a patient, both for your own well-being and that of fellow patients and caregivers. Please read and exercise these rights and responsibilities as outlined below.

Patient Rights

You have the right to safe, high-quality medical care, without discrimination, that is compassionate and respects personal dignity, values, and beliefs.

You have the right to participate in and make decisions about your care and pain management, including refusing care to the extent permitted by law. Your care provider (such as your doctor or nurse) will explain the medical consequences of refusing recommended treatment.

You have the right to have your illness, treatment, pain, alternatives, and outcomes explained in a manner you can understand. You have the right to interpretation services, if needed.

You have the right to know the name and role of your care providers. At your request, you have a right to a second opinion.

You have the right to request that a family member, friend, or physician be notified that you are under the care of this facility.

Rights & Responsibilities

(Continued)

You have the right to receive the visitors whom you designate, including, but not limited to, your spouse, a domestic partner (including a same-sex partner), another family member, or a friend. You also have the right to withdraw or deny your consent to their visitation at any time. In the event you are unable to designate who can visit, the person you have designated as your “support person” can make that designation. Hospital visitation will not be limited or denied based on race, color, national origin, disability, religion, sex, sexual orientation, or gender identity or expression. However, it may become clinically or otherwise reasonably necessary for a patient’s care, safety, or well-being to impose restrictions on visitation.

Reasons to limit visitation, if deemed necessary, may include, but are not limited to:

- Disruptive, threatening, or violent behavior by a visitor of any kind
- Infection control issues
- Minimum age requirements for child visitors
- Need for limitation on the number of visitors in particular space or during specific time period
- Patient or others in room need privacy or rest
- Visitation limitation protocols for substance abuse or mental health treatment of patient
- Visitation may interfere with patient care
- Visitation may interfere with the care of other patients

You have the right to be informed about transfers to another facility or organization and be provided a complete explanation, including alternatives to a transfer.

You have the right to receive information about continuing your healthcare at the end of your visit.

You have the right to know the policies that affect your care and treatment.

You have the right to private and confidential treatments, communications, and medical records to the extent permitted by law.

You have the right to receive information concerning your advance directives (Living Will, Healthcare Power of Attorney, or mental health advance directives), and to have your advance directives respected to the extent permitted by law.

You have the right to access your medical records in a reasonable timeframe, to the extent permitted by law.

You have the right to be informed of charges and receive counseling on the availability of known financial resources for healthcare.

You have the right to be free from restraints that are not medically required or are used inappropriately.

You have the right to access advocacy or protective service agencies and a right to be free from abuse.

You have the right to participate in research or decline to participate in research. You may decline at any time without compromising your access to care, treatment, and services.

Rights & Responsibilities

(Continued)

You have the right to have your compliments, concerns, and complaints addressed. Should you or your designated guardian, advocate, support person, or representative feel at any time that your rights as a patient have been violated, or you wish to share a compliment, concern or complaint, please call the number below at the facility where you are a patient. Sharing your concerns and complaints will not compromise your access to care, treatment, and services.

Patient Responsibilities

You are responsible for providing as much information as possible about your health, medical history, and insurance benefits.

You are responsible for asking the care provider for clarification when you do not understand medical words or instructions about your plan of care.

You are responsible for following your plan of care. If you are unable or unwilling to follow the plan of care, you are responsible for telling your care provider. Your care provider will explain the medical consequences of not following the recommended treatment. You are responsible for the outcomes of not following your plan of care.

You are responsible for following the facility’s rules and regulations.

You are responsible for acting in a manner that is respectful of other patients, staff, and facility property

You are responsible for meeting your financial obligation to the facility.

Privacy and Health Information

You have privacy rights under a federal law that protect your health information. This law sets rules and limits on who can access your health information.

Who must follow this law?

- Most doctors, nurses, pharmacies, hospitals, nursing homes, and other healthcare providers and their vendors
- Health insurance companies, HMOs, and most employer group health plans
- Certain government programs that pay for healthcare, such as Medicare and Medicaid

What information is protected?

- Billing information about you at your clinic
- Conversations your doctor has with nurses and others regarding your care
- Information about you in your health insurer's computer system
- Information put in your medical records
- Most other health information about you held by those who must follow this law

What rights do you have over your health information?

Providers and health insurers must comply with your right to:

- Ask to see and get a copy of your health records
- Decide if you want to give your permission to share your information
- File a complaint
- Get a report on when and why your health information was shared for certain purposes
- Have corrections added to your health information
- Receive a notice that tells you how your health information may be used and shared
- Request that those who must follow this law restrict how they use or disclose your health information

Right to Complain

If you believe your health information was used or shared in a way that is not allowed under the privacy law, or if you weren't able to exercise your rights, you can file a complaint with your provider or health insurer. You can also file a complaint with the U.S. government. Go online to [OCR Home | HHS.gov](https://www.hhs.gov/ocr/home) for more information.

A separate law provides additional privacy protections to patients of alcohol and drug treatment programs. For more information, go online to [SAMHSA.gov](https://www.samhsa.gov).

Notice of Nondiscrimination

Duke University Health System, and any duly authorized affiliates and subsidiaries (collectively “Duke Health”) complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, sex, sexual orientation, or gender identity or expression.

Duke Health does not exclude people or treat them differently because of race, color, national origin, age, disability, sex, sexual orientation, or gender identity or expression. Duke Health:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact Patient and Visitor Relations at 919-681-2020 (option 3)

If you believe that Duke Health has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, sex, sexual orientation, or gender identity or expression, you can file a grievance with:

Patient Visitor Relations
Box 2968 DUMC
Durham, NC 27710
Phone: 919-681-2020 (option 3)
Fax: 919-684-8296
PatientVisitorRelations@dm.duke.edu

You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, Patient and Visitor Relations is available to help you.

You can also file a civil rights complaint with:

U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail:

U.S. Department of Health and Human Services
200 Independence Avenue
SW Room 509F, HHH Building
Washington, D.C. 20201
Phone: 1-800-368-1019, 800-537-7697 (TDD)

Complaint forms are available at:
<http://www.hhs.gov/ocr/office/file/index.html>

Attention: Language assistance services, free of charge, are available to you. Call 919-681-3007 or notify a member of your care team.
