STRONG

Our MISSION

To care for our patients and the health of our community

Our VISION

To be the best community hospital

Our VALUES

Caring for our patients, their loved ones and each other through *Excellence, Safety, Integrity, Diversity and Teamwork*

FY2020 At a Glance

This year has been unlike anything we've ever navigated before as a **Duke Regional Hospital family**. Throughout the ongoing COVID-19 pandemic as well as the fight for racial and social justice in our country, we called upon our shared strength, compassion and talents to continue to provide the very best, safe care for our patients and their loved ones.

Our Duke Regional team has served Durham, Orange, Person and Granville counties and surrounding communities for nearly 45 years. We provide exceptional health care as part of Duke University Health System, with the personal touch of a community hospital.
